Dear Patty, I'm on board a ship going to France. I smuggled myself in so they put me to hard work.
He must have written in the ship crossing to France. The letters are wavering.
His hand's always like that!
Sweeping, washing, and cooking. I'd be a master of house keeping!

Tomokiyo Saioshi

In my opinion, these poor countries who are at war know what they are doing. You, ladies, always wanted to have peace.
As you receive this letter, I am already a soldier in the French army.
My aircraft will protect your homeland.
My aircraft will protect your homeland, too.
Shear...
This letter is especially for you!
I'll read it!
Candy's back and I bet she's so happy to see Terry!
I can imagine her in all smile.
It's over...
We broke up! I can never see him again...
Candy...

You don't have to see a doctor for such a slight injury.

Unhappy to see you, Candy
Same here...
I head the listing at St Jacob's Hospital
Terry dumped you.
I'm not surprised. He can't be serious about someone like you.
Ha-ha-ha... You went all the way to Broadway to get dumped
It's pathetic, isn't it? He prefers Susanna with that leg to you.

Listening to this music, I wondered aimlessly the streets of New York.
Terry...
Candy
Sorry... I knocked but there was no answer... the door was open.
Patty!
I was deep in thoughts
I'm fine...
That music box...
...the? Stear gave it to me, the day I left for New York.
He just smiled when I asked who it was for.
He said this will make me happy.
Stear was working so hard on it.
...but I was so sad when I played it...
After leaving Terry.

Candy ...
I couldn't have returned here without this...
I am deeply grateful.
Stear... You made this to wish hapiness for Candy and Terry.
We had family with parents and siblings, but Candy only had Terry...
Bu Candy s now
I'm sorry Patty...
Candy, you too need a shoulder to cry on.
I'm always here for you.
Thanks Patty.

But the one here was that fool, Neil!
That Neil! I won't forgive him for this!
Candy...
Neil is pathetic...
Doing this just to have a person to love...
Forget it, okay?
Um... this is?
I use this to drive away evil spirits...
So you have this incredible things with you!
You must feel safe with them!
You're getting cold. Here, use the other half.
No, it's okay... I'm fine...
Come on, I should have thanked you.
